

California OES Weather Threat Briefing

Thursday, June 11, 2020
9:00 AM PDT

- **Day 1 (Thursday):** Elevated fire weather conditions and moderate heat impacts are expected today for central and southern CA.

National Weather Service
*Western Region Headquarters
Regional Operations Center
Salt Lake City, UT*

WEATHER KEY POINTS

06/11/20 - 06/17/20

Thursday

- Moderate heat impacts are expected again today in the Central Valley and interior portions of Southern Region.
- Dry and locally breezy conditions across the state will also bring elevated fire weather concerns today.
- Showers and thunderstorms are possible across northern Inland CA this afternoon and evening.

Friday-Wednesday

- The weather will trend cooler for Friday through Sunday before a warming trend begins for Monday through Wednesday across central and southern CA
- Breezy conditions are expected across much of the state on Friday and Saturday, then across portions of southern CA on Sunday.
 - These winds combined with dry conditions will lead to increased fire weather concerns for portions of central and southern CA
- Showers and isolated thunderstorms are possible across northern CA and into the Sierras Friday and Saturday
